WELCOME TO A NEW ERA OF ENJOYING WINE!

NON ALCOHOLIC PREMIUM SPARKLING WINE FROM AUSTRIA

Birthdays, weddings, company events, New Year's Eve - there are so many festivities to celebrate, or it may just be a pleasant evening for two that starts with a glass of sparkling wine. So now you can enjoy festive occasions non alcoholic with our first-class sparkling wines from Austria.

**THE ZERO
ROSÉ**

The sparkling rosé wine with its fine perlage has the exotic spicy notes and aromas of apricots, apples and ripe grapes. Its elegant body has a delicate fruity pink colour. It is vinified from a blend of Austrian Welschriesling and Dornfeld grapes.

**THE ZERO
BLANC**

Its delicate balance and fine perlage are a clear, sparkling straw yellow in colour. This classic sparkling wine impresses with its aromas of ripe apples and pears. Vinified from genuine Austrian Welschriesling grapes, it has an impressive exotic, lively after-taste.

Our non alcoholic wines are produced in close cooperation with a select group of associates, all top winegrowers from Austria and Germany. Only the best grapes are selected and vinified with the utmost care into perfect base wines. They then form the high-quality base for our discerning non alcoholic wines. This is the only way to adequately compensate for the lack of alcohol in taste and aroma. Non alcoholic wines are gradually gaining in popularity as an alternative for people who want to abstain from alcohol or who have to abstain from conventional wines because of their alcohol content. However, what is

absolutely essential is to achieve a gentle de-alcoholisation in order to preserve the unique characteristics of wine. By using the latest technology, we can remove the alcohol without any significant loss of aroma or flavour. This involves gently heating the original wine under vacuum, so that the alcohol molecules evaporate, while the aromas and the essential components of the wine remain unchanged. The gentle vacuum distillation process preserves the fine bouquet notes and the unmistakable taste of the wine. The result is a non alcoholic wine of particularly high quality with a rich spectrum of flavours.

**„WINE IS THE MOST USEFUL OF BEVERAGES,
THE TASTIEST OF MEDICINES AND THE
MOST PLEASANT OF FOODS.“**

Plutarch (40 - 125 CE)

NON ALCOHOLIC PREMIUM WINE FROM SOUTH BADEN GRAPES

It is not called an “accompanying wine” for nothing. Vinified grape juice is often the beverage of choice for festive dinners, cosy get-togethers with friends or a romantic dinner. Our white wine and rosé cuvées are your choice for non alcoholic enjoyment and full flavour.

THE ZERO CRÉATION ROSÉ

This non alcoholic rosé cuvée is made from sun-drenched grapes. After vinification, alcohol is very gently extracted from the base wine by vacuum distillation. This preserves the typical aromas, clarity and freshness of the grape variety.

THE ZERO CRÉATION BLANC

This non alcoholic white wine cuvée is made from sun-drenched grapes. After vinification, alcohol is very gently extracted from the base wine by vacuum distillation. This preserves the typical aromas, clarity and freshness of the grape variety.
